**Two special events hosted by**

**Saturday, March 27<sup>th</sup>**

***SoulCollage® on the Sound***

***10:00am-4:00 pm***

**Experience the magical process** of self exploration through this fun and easy form of creative expression. Evoke your soul's voice through visual imagery and intuition, accessing the mysterious world of your core essence. As you create your own collages, you begin to deepen your understanding and appreciation of that rich, complex and beautiful soul that you are.

**This powerful and playful process** is based on Seena Frost's book called SoulCollage. It is a creative multi-layered process that anyone can do, and it is open to newcomers as well as old hats of the process. All materials and supplies are included. No experience necessary. Feel free to bring your lunch for more collaging time; several local eateries are also nearby.

**Jennifer Starr** is Master Coach, licensed SoulCollage Leader and faculty member at *inviteCHANGE* ([www.invitechange.com](http://www.invitechange.com)), a training and coaching services organization dedicated to the integration of the transformative coaching paradigm into everyday living. Her passion is to intuitively coach and facilitate people in getting clear about their life vision and soul's purpose. By utilizing a variety of spiritual and practical resources to bring out their best in moving towards their dreams, she helps them connect with their passion and joy. SoulCollage is one of her favorite ways.

***Narayan and Janet in Concert!***

***"Music for Awakening"***

***7:00-9:30pm***

**Narayan and Janet's powerfully uplifting music** will have you feeling energized, centered and blissed out (that was Jennifer's experience). Combining a delicious blend of pop, world music, jazz, R&B and Sanskrit chant influences, they beautifully blend their voices and a variety of instruments, having you wonder how two people can produce all that music!

**They will offer a concert set from their new CD "ALL BLISS"** followed by an hour of group chanting in a musical soundscape. Music and chanting have been proven to have a powerful effect on people and many have been transformed by the experience. And it's fun!! Come catch the joy...
